GAME DESIGN

Game Theme and Graphics

Enter the awesome mysterious scene and try to collect as many Coin symbols as you can. Collect Coin symbols on all positions and the Grand Jackpot is yours. While you are collecting, you may find other Jackpots or Free Games.

Main Game

Cash Connection™ - Golden Book Of Ra™ is played on 5 reels and 3 rows, with 10 win lines always in play. Your goal is to land 5 Explorer symbols on a win line, which will award you an immediate win of 500x total bet. All winning combinations run from left to right on win lines, except Scatter symbols.

The game has two reel sets, one for the main game and Lock & Spin Feature and a second for the Free Games Feature.

Lock & Spin Feature

Do you want to win one of the amazing Jackpots in Cash Connection™ - Golden Book of Ra™? You have to collect 6 or more Coin symbols in the main game. All appearing Coin symbols are labelled with a Prize or a number of Free Games. If you manage to collect them, you will enter the Lock & Spin Feature with 3 Free Spins to find the next Coin symbols. The Lock & Spin Feature is played on 15 individual reels. The feature will lock down all your collected Coin symbols and will check for any new Coin symbols appearing during Free Spins. Each time you manage to find a new one, your Free Spins will reset back to 3 and you will be able to search for more. If you are the ONE, then you will find all 15 Coin symbols and win the biggest prize in this game - THE GRAND JACKPOT.

Free Games Feature

Free Games collected in the Lock & Spin Feature will grant you entry to the Free Games Feature with one symbol as the 'Special Expanding Symbol'. This symbol is randomly selected at the start of the Free Games. If enough 'Special Expanding Symbols' for a win are present, this symbol expands to cover 3 positions on the reel and pays for all lines. 3 or more scattered 'Golden Book of Ra' symbols on one reel set? Good job! You won 10 additional Free Spins! The Free Games can be retriggered.

Rules

All pays are for combinations left to right, except Scatters.

All wins are on selected lines, except Scatters.

Scatters pay out in any position.

Only the highest win is paid per selected line.

Line wins are multiplied by bet per line.

Scatter wins are added to line wins.

6 or more collected Coins trigger the Lock & Spin Feature, which may result in winning all of the Jackpots.

The Lock & Spin Feature is played on 15 individual reels.

Free Spins are played in the Lock & Spin Feature while Free Games are played in the Free Games Feature.

Lock & Spin Feature and Free Games are played on two different reel sets.

Free Games can be won during the Lock & Spin Feature.

Gamble Feature

The Gamble option is disabled by default. When offered, it is limited to the max possible gamble amount defined by the operator. Gamble is not offered during Free Spins.
