Book of Dead

Rich Wilde and the Book of Dead is a 5-reel video slot game. Up to 10 lines can be activated, lines are numbered and always activated in numerical order (1, 2, 3, 4, etc.).

The Scatter symbol acts as a Wild, and substitutes for all other symbols.

3 or more Scatter symbols trigger Free Spins. An initial 10 free spins are awarded.

Before a free spin sequence begins, an ordinary symbol is randomly chosen to act as a special expanding symbol during the entire free-spin sequence. After prizes for regular winning combinations have been recognized, the special symbol may expand to cover all three positions on its reel. The special symbol will expand only when additional prizes can be awarded along active paylines for winning combinations. Expanded symbols do not need to appear adjacent to each other to result in a winning combination.

3 or more Scatter symbols re-trigger Free Spins. An additional 10 free spins are awarded.

You can attempt to multiply your prize in the optional Gamble round. Press the GAMBLE button after winning a prize to start the round. Your objective is to correctly guess the colour or suit of a face-down card. Take your guess by clicking the appropriate button. If you correctly predict the colour, you double your prize. If you correctly predict the suit, you quadruple your prize. You can play the Gamble round up to five times in succession and up to a limit of 2500 coins.

Casino Standard Rules and Settings

WIN CALCULATION AND BETS:

- 1) Maximum wins are inclusive of the origin bet and based on the default bets for games
- 2) Underlined and bold values are default settings
- 3) Default settings can be changed by the operator
- 4) If the default settings/bets are altered, the maximum wins will be altered as well

CURRENCY:

- 1) All currency values relate to a currency multiplier of 1 which is accurate for EUR, USD, and GBP.
- 2) Other currencies, another multiplier might be used. For example: SEK has currency multiplier 10. All values related to currency should thus be multiplied by 10 for SEK. I.e. 10€ = \$10 = £10 = SEK100.
- 3) All currency is marked with an asterisk (*) next to the caption in all tables.
