GAME INFORMATION

Golden Ticket is a video slot game played on a 5x5 grid. Symbols drop down in the grid to form winning combinations. Wins are achieved by getting 3 or more symbols in a row, horizontally or vertically. All rows and columns are active and symbols can be part of multiple winning combinations.

Golden Ticket includes a wild symbol (the golden ticket). The wild symbol substitutes for any other symbol to help comprise winning combinations. Winning combinations are removed after collected and remaining symbols drop down to possibly form new winning combinations. The wild symbol appears at the middle symbol when a winning combination of 3 symbols is removed from the grid. A win multiplier is increased at each new drop. If all symbols are removed from the grid, a special full clear win is awarded.

Golden Ticket includes a bonus game. The bonus game is a set of free game rounds and is triggered if a column with "BONUS" is fully cleared from symbols. A multiplier is set based on the number of fully cleared "BONUS" columns. Wins are achieved by getting 5 or more matching symbols anywhere on the grid. All wins in the bonus game are multiplied by the multiplier.

During the bonus game a different set of symbols are used and the wild symbol does not appear. Getting 5 or more bonus symbols (the bonus star) during the bonus game will award additional bonus rounds, up to a maximum of 20 consecutive bonus rounds. One additional bonus round is awarded per bonus star symbol in the winning combination.
