GAME INFORMATION

Pearl Lagoon includes a wild symbol (the dolphin) and a scatter symbol (the clam). The wild symbol substitutes for any other reel symbol (except for the scatter symbol) to help comprise winning combinations. A winning combination that includes a wild symbol pays double the normal prize. Two or more scatter symbols anywhere on the reels constitute a win.

Three or more scatter symbols anywhere on the reels trigger the free spin feature; a sequence of free spins commences in which prizes for winning combinations are tripled. Winning combinations that include a wild symbol pay 6 times the normal prize. Free spins can be re-triggered up to a total of 60 free spins.

CASINO STANDARD RULES AND SETTINGS

WIN CALCULATION AND BETS:

- 1) Maximum wins are inclusive of the origin bet and based on the default bets for games
- 2) Default settings can be changed by the operator
- 3) If the default settings/bets are altered, the maximum wins will be altered as well

CURRENCY:

- 1) All currency values relate to a currency multiplier of 1 which is accurate for EUR, USD, and GBP.
- 2) Other currencies, another multiplier might be used. For example: SEK has currency multiplier 10. All values related to currency should thus be multiplied by 10 for SEK. I.e. 10€ = \$10 = £10 = SEK100.
- 3) All currency is marked with an asterisk (*) next to the caption in all tables
- 4) Some low-value currencies will incur a multiplier of 1. Therefore, multicurrency jackpots will not be enabled at this time.
